PROFESSIONAL SUMMARY

Detail-oriented and motivated Computer Science student with a strong interest in Data Analytics and AI product development. Proficient in Python and SQL with hands-on experience building data-driven projects that analyze, process, and present insights. Demonstrates strong problem-solving skills, ability to work independently, and eagerness to learn through structured documentation.

SKILLS

- Programming: Python
 - Database: SQL (PostgreSQL)
 - Data Analysis: Pandas, NumPy, Data Cleaning, Exploratory Data Analysis
 - Visualization: Matplotlib, Seaborn
 - Tools: VS Code, Jupyter Notebook, Git, GitHub
 - Web Basics: HTML, CSS
 - Platforms: Google Workspace (Docs, Sheets, Gmail)
 - Soft Skills: Problem-solving, Critical Thinking, Communication, Team Collaboration, Adaptability
-

PROJECT EXPERIENCE

- Netflix Data Analysis Project
Analyzed and visualized Netflix dataset using Python to identify content trends and patterns through data cleaning and exploratory analysis.
 - Employee Portal System (Python + SQL)
Developed a database-driven employee management system to manage records and salaries using Python and SQL.
 - Password Generator (Python)
Built a Python-based tool to generate secure and randomized passwords with defined complexity rules.
 - AI Voice Assistant (Python)
Developed a voice-controlled assistant using speech recognition and text-to-speech to automate basic user tasks.
-

EDUCATION

- Bachelor of Technology (B.Tech) in Computer Science Engineering
Chhatrapati Shivaji Maharaj University | 2023-2027
 - HSC in Science
Durgadevi Saraf Junior College | 2021-2023
 - SSC
St. Xavier High School | 2021
-

ADDITIONAL INFORMATION

- Research-oriented approach to working with ambiguous tasks and new technologies.
- Strong interest in pattern recognition and data-driven decision-making.
